Privacy notice for parents/carers – use of your child's personal data

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data. This privacy notice explains how we collect, store and use personal data about **pupils**.

We, West Hill Primary School, High Mount Street, Hednesford, Staffordshire, WS12 4BH are the 'data controller' for the purposes of data protection law. Our data protection officer is Tracy Thorley (see 'Contact us' below).

The personal data we hold

Personal data that we may collect, use, store and share (when appropriate) about pupils includes, but is not restricted to:

- Contact details, contact preferences, date of birth, identification documents
- Results of internal assessments and externally set tests
- Pupil and curricular records
- Characteristics, such as ethnic background, eligibility for free school meals, or special educational needs
- Exclusion information
- Details of any medical conditions, including physical and mental health
- Attendance information
- Safeguarding information
- Details of any support received, including care packages, plans and support providers
- Photographs
- CCTV images captured in school

We may also hold data about pupils that we have received from other organisations, including other schools, local authorities and the Department for Education.

Why we use this data

We use this data to:

- Support pupil learning
- Monitor and report on pupil progress
- Provide appropriate pastoral care
- Protect pupil welfare
- Assess the quality of our services
- Administer admissions waiting lists

Our legal basis for using this data

We only collect and use pupils' personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with a legal obligation
- We need it to perform an official task in the public interest

Less commonly, we may also process pupils' personal data in situations where:

- We have obtained consent to use it in a certain way
- We need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use pupils' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using pupils' personal data overlap, and there may be several grounds which justify our use of this data.

Collecting this information

While the majority of information we collect about pupils is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

How we store this data

We keep personal information about pupils while they are attending our school. We may also keep it beyond their attendance at our school if this is necessary in order to comply with our legal obligations. We have a 'Records Management Policy' (copy attached) under which we adhere to the 'Information and Records Management Society Records Management Toolkit for Schools' which has a records retention schedule setting out how long we must keep information about pupils. Full information with regards to the content and retention schedule for pupil records can be requested from the school office.

Data sharing

We do not share information about pupils with any third party without consent unless the law and our policies allow us to do so.

Where it is legally required or necessary (and it complies with data protection law) we may share personal information about pupils with:

- *Our local authority – to meet our legal duties to share certain information with it, such as concerns about pupils' safety and exclusions*
- *The Department for Education (a government department)*
- *Your family and representatives*
- *Educators and examining bodies*
- *Our regulator – Ofsted (Independent Schools Inspectorate)*
- *Suppliers and service providers – so that they can provide the services we have contracted them for: Parent Pay; Coolmilk; Teachers to Parents.*
- *Central and local government*
- *Health authorities for medical checks, heights & weights, optical and dental checks.*

National Pupil Database

We are required to provide information about pupils to the Department for Education as part of statutory data collections such as the school census.

Some of this information is then stored in the National Pupil Database (NPD), which is owned and managed by the Department and provides evidence on school performance to inform research.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools, local authorities and exam boards.

The Department for Education may share information from the NPD with other organisations which promote children's education or wellbeing in England. Such organisations must agree to strict terms and conditions about how they will use the data. For more information, see the Department's webpage on how it collects and shares research data: <https://www.gov.uk/guidance/data-protection-how-we-collect-and-share-research-data>

You can also contact the Department for Education: <https://www.gov.uk/contact-dfe> with any further questions about the NPD.

Transferring data internationally

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

Parents and pupils' rights regarding personal data

Individuals have a right to make a '**subject access request**' to gain access to personal information that the school holds about them.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

If you make a subject access request, and if we do hold information about you or your child, we will:

- Give you a description of it
- Tell you why we are holding and processing it, and how long we will keep it for
- Explain where we got it from, if not from you or your child
- Tell you who it has been, or will be, shared with
- Let you know whether any automated decision-making is being applied to the data, and any consequences of this
- Give you a copy of the information in an intelligible form

Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

If you would like to make a request please contact our data protection officer.

Parents/carers also have a legal right to access to their child's **educational record**. To request access, please contact Mrs T Rees-James, Office & Financial Services Manager.

- Object to the use of personal data if it would cause, or is causing, damage or distress

- Object to decisions being taken by automated means (by a computer or machine, rather than by a person)
- In certain circumstances, have inaccurate personal data corrected, deleted or destroyed, or restrict processing
- Claim compensation for damages caused by a breach of the data protection regulations

To exercise any of these rights, please contact our data protection officer.

West Hill Primary School

Records Management Policy

The School recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the institution. Records provide evidence for protecting the legal rights and interests of the school, and provide evidence for demonstrating performance and accountability. This document provides the policy framework through which this effective management can be achieved and audited. It covers:

- **Scope**
- **Responsibilities**
- **Relationships with existing policies**

1 Scope of the policy

1.1 This policy applies to all records created, received or maintained by staff of the school in the course of carrying out its functions.

1.2 Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created or received, and then stored, in hard copy or electronically.

1.3 A small percentage of the school's records may be selected for permanent preservation as part of the institution's archives and for historical research. This should be done in liaison with the local county archives centre.

2 Responsibilities

2.1 The school has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The person with overall responsibility for this policy is the Head of the School.

2.2 The person responsible for records management in the school will give guidance about good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and in a timely way. They will also monitor compliance with this policy by surveying at least annually to check if records are stored securely and can be accessed appropriately.

2.3 Individual staff and employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of in accordance with the school's records management guidelines.

3 Relationship with existing policies

This policy has been drawn up within the context of:

- Freedom of Information Policy
- General Data Protection Regulations
- Other legislation or regulations (including audit, equal opportunities and ethics) affecting the school
